INSURANCE AND FINANCIAL POLICY

We believe that you deserve the best dental care. That's why we always present you with the best dental solution based on your personal needs. Each year we provide outstanding dental care to thousands of patients. Some have dental benefits, some do not. If you have dental benefits, congratulations! You are very fortunate. Here are some important things you should know about your dental insurance:

Initial:

- Your dental benefits are based upon a contract made between your employer and an insurance company. Dental benefit plans rarely pay for completion of your dental care. It is only meant to assist you.
- We currently accept all private care insurance plans & a select few PPO plans. This means that we work literally with thousands of companies. Although we maintain computerized histories of payment by a given company, they frequently change: therefore it is impossible to give you a guaranteed quote at the time of service. We estimate your portion based on the most up-to-date information we have, but it is **ONLY AN ESTIMATE**. If you would like to know your insurance benefit prior to treatment, we will be happy to file a "pre-treatment authorization" with your insurance company. Unfortunately this is not a guarantee of coverage either.
- We will bill your insurance as a courtesy. If insurance does not pay within 90 days, Dr. Folkman reserves the right to request payment in full for services from you and let you collect the insurance funds that you are due to you. This is rare but it is important that you recognize that the insurance is a legal contract between YOU and your insurance company. Our office is not, and cannot by law be part of that legal contract. Ultimately, you are responsible for all charges incurred in our office.

Initial:

- Dr. Folkman does require payment in full for your portion at the time of service. We accept MasterCard, Visa, American Express, Discover, cash & checks. If you are in need of an extended finance option, we also work with Citi Health Card, who offers 3,6,12 or 18 month "same as cash" or longer terms with an interest bearing revolving charge designed to meet your treatment plan needs on approved credit.
- A specific amount of time is reserved especially for you and we strongly encourage all patients to keep their appointments. If you must change your appointment, we kindly ask for at least 24 hour notice.

I agree with the above conditions:
